IT- and Relationship-Enabled Supply Chain Coordination: A Synergy Perspective with Contingency and Configuration Approaches
Authors: Baofeng Huo (Xi'an Jiaotong University), Cheng Zhang (Fudan University), Xiande Zhao (The Chinese University of Hong Kong)

Session: Managing Supply Chain Relationships
External Integration in Demand Networks: Does it always work?
Authors: Pietro Romano (University of Udine), Pamela Danese (University of Padova), Marco Formentini (University of Udine)
Relational Supply Chain Management Strategy: A Supply Chain Mix Perspective

1817
1823
1829
Author: Amit Arora (Georgia Southern University)

**Session: Modularity and Mass Customization**
Modularity Based Manufacturing Practices, Supply Chain Responsiveness, and Competitive Advantage of a Firm
Authors: Ashish A. Thatte (Gonzaga University), T. S. Ragu-Nathan (The University of Toledo), S. Subba Rao (University of Toledo)

A Product Centric View on the Linkage Between New Product Development and Supply Chain Management – Beyond Simple Models of Strategic Fit and the Dichotomy of Modular and Integral Product Architecture
Authors: Dirk J Primus (Bentley University), Euthemia Stavrulaki (Bentley College)

An Investigation of Academic-Practitioner Co-Authorship in Supply Chain Management Academic Journals
Authors: Shona D. Morgan (North Carolina A&T State University), Carin Lightner (North Carolina A&T State University)

**Session: Nation Specific Supplier Competencies**
A Total Cost Analysis of U.S. Supplier Competitiveness
Authors: Robert Bregman (University of Houston), Joshua K. Strakos (University of Houston)

Technological Capabilities of Local Suppliers of Industrial Enterprises in Emerging Countries
Author: Marcos A. Primo (Federal University of Pernambuco)

**Session: Nurturing Buyer Supplier Collaborations**
Can Supply Chain Cooperation on Pricing Go beyond the Dyad? Insights from some case studies
Authors: Marco Formentini (University of Udine), Pietro Romano (University of Udine), Pamela Danese (University of Padova)

Comparison of Collaborative Cost Reduction Strategies in a Supply Chain
Authors: Seung Ho Yoo (Sunmoon University), Hosun Rhim (Korea University, Seoul, Republic of Korea), Myung-Sub Park (Korea University)

**Session: Pricing and Distribution**
Wholesale Pricing in Decentralized Supply Chains: The case of uniform vs buyer-specific pricing policies
Authors: Asoo Vakharia (University of Florida), Lan Wang (University of Florida)

Distribution Center Relocation: A Case Study
Authors: Charles G. Petersen (Northern Illinois University), Gerald R. Aase (Northern Illinois University), Daniel R. Heiser (DePaul University)

A Novel Approach to Pricing and Distribution Plan: A Case Study Approach
Author: Shad Dowlatshahi (University of Missouri-Kansas City)

**Session: Process Improvement**
Optimal Position of Supply Chain Delivery Window
Author: Maxim A. Bushuev (Kent State University)

**Session: Procurement**
Exploring the Black Box of Purchasing: Total Procurement Cost
Authors: Kuntal Bhattacharyya (Indiana State University), William Acar (Kent State University), Alfred Guiffrida (Kent State University), Pratim Datta (Kent State University)

**Session: Production Allocation Decisions**
A Continuous Approximation Procedure for Determining Inventory Distribution Schemas for Supply

Chains with Discontinuous Production and Shipping Patterns
Authors: Faizul Huq (Ohio University), Trevor S. Hale (University of Houston - Downtown), Nikhil Pujari (Ohio University)

Comparison of production policies in a closed loop supply chain
Authors: Kenichi Nakashima (kanagawa university), Mitsutoshi Kojima (Nagoya Institute of Technology)

A Finite Horizon Optimal Policy Problem for a By-Product System
Authors: Feng Tian (Governors State University), Sean P Willems (Boston University)

Session: Quality and Customer Satisfaction
Supply Chain Quality Management Practices and Perceptions: A Preliminary Empirical Study
Authors: John F. Kros (East Carolina University), Scott Dellana (East Carolina University)

The Impact of Quality and Emotions in Customer Satisfaction
Authors: Gavriel Metrovich (Salem State University), Nisreen Bahnan (Salem State University), Elizabeth M. Haran (Salem State University)

Relationships among TQM Practices, Role Conflict, and Role Ambiguity
Author: Binshan Lin (Louisiana State University-Shreveport)

Session: Research and Teaching
Toward the Development of a Supply Chain Course Supplement: Teaching Risk Using Contemporary
Motor Carrier Issues
Authors: Robert E. Overstreet (Auburn University), Chetan S. Sankar (Auburn University)

Synergistic Use of Experiment and Survey for Cross-Level Behavioral OM Research
Authors: Kuo-Ting Hung (Suffolk University), Chanchai Tangpong (North Dakota State University)

Session: Responsiveness
A Conceptual Model of The Relationships Among Market Responsiveness, New Product Development
Advantage, Supply Chain Advantage and Business Performance
Authors: Jeen-Su Lim (University of Toledo), Chao Miao (University of Toledo)

Strategic Agility in Financial Services: Defence Mechanism in turbulent times
Authors: Maneesh Kumar (Cardiff University), Niraj Kumar (University of Sheffield)

Session: Retailing
Using Decision Support Model to Manage Risk in Retail Logistics and Supply Chain Operations
Authors: Chris I. Enyinda (Alabama A&M University), Godwin J. Udo (University of Texas at El Paso), Nwamaka Anaza (Francis Marion University)

Session: Solution Approaches for Logistics Problems
The Impact Of Demand Patterns On Heuristic Algorithm Stability In The Vehicle Routing Problem
Authors: John E. Bell (University of Tennessee), Stanley E. Griffis (Michigan State University)

Session: Specific Product Supply Chains
Modeling the Operations Strategy for Outsourcing of Non-core Operations in Institutions of Higher
Education
Authors: Dana M. Johnson (Michigan Technological University), Gregory A Graman (Michigan Technological University)

Session: Stock Market Reactions to Supply Chain Issues
The Architecture of Relational Capabilities: Building Relational Quality with Suppliers for
Collaborative Advantage
Authors: Gregory M. Magnan (Seattle University), Marc Day (Henley Business School, University of Reading), Carola Hillenbrand (University of Reading), Stanley E. Fawcett (Brigham Young University)

Session: Supplier Competition and Selection
A New Approach to Supplier Selection in Prototype Generation
Authors: Shad Dowlatshahi (University of Missouri-Kansas City), Mehdi Karimi-Nasab (Iran University of Science and Technology)

Session: Supply Chain Flexibility
The empirical examination of the effect of information technology range and suppliers' order quantity flexibility on the manufacturing firm’s flexibilities
Author: Yan Jin (Elizabeth City State University)

The Moderate Effect of Organizational Awareness on Linkage between external capabilities and Product Innovation Flexibility
Author: Ying Liao (Meredith College)

Building Dependability and Benevolence Trust to Achieve Flexibility through Joint Manufacturing Activities in Supply Chain
Authors: Kun Liao (Central Washington University), Xiaodong Deng (Oakland University)

Session: Supply Chain Integration
The Relationship between Supply Chain Integration and International Sourcing and Their Influence on Delivery Performance: Insights from a Survey
Authors: Pamela Danese (University of Padova), Marco Formentini (University of Udine), Pietro Romano (University of Udine)

Optimization of Supply chain integration: An Empirical Study
Authors: Baofeng Huo (Xi'an Jiaotong University), Zhi Cao (Xi'an Jiaotong University), Yuan Li (Shanghai Jiaotong University), Xiande Zhao (The Chinese University of Hong Kong)

Cross-Border Mergers and Acquisitions and Supply Chain Impact: Evidence from the IT Industry
Authors: Suhong Li (Bryant University), Fang Chen (University of Rhode Island)

Session: Transportation, and Facility Design and Location
A Case Study Approach to Designing Packaging Operations in Reverse Logistics
Author: Shad Dowlatshahi (University of Missouri-Kansas City)

Track: Service and Manufacturing Operations Management

Session: Contemporary Issues in OM Research
Correctness of Process Models Through Proper Model Instantiation and Complete Model Instantiability
Authors: Amber Lo (National University), Ronald Fernandes (Knowledge Based Systems, Inc.), Velma Lee (Le Moyne College)

Managing a Service System under the Influence of Social Interaction
Authors: Xuchuan Yuan (National University of Singapore), H. Brian Hwarng (National University of Singapore)

Session: Environmental and Social Issues 1
Operations Management Changing The Culture of Poverty
Authors: Kristie K. Seawright (Brigham Young University), Donald Adolphson (Brigham Young University), Isaac H. Smith (University of Utah)

Is Remanufacturing Environmentally Friendly?
Authors: Wenjun Gu (University of Illinois Urbana Champaign), Dilip Chhajed (University of
Session: Flexibility
Aligning Manufacturing Strategy Content with Heterogeneous Requirements
Authors: Patricia Deflorin (University of Zurich), Maike Scherrer-Rathje (University of St. Gallen)

IT Use and Integration for Mass Customization and Improved Performance
Authors: Thawatchai Jitpaiboon (Ball State University), David D. Dobrzykowski (Eastern Michigan University), T. S. Ragu-Nathan (The University of Toledo), Mark A. Vonderembse (University of Toledo)

Infrastructural Antecedents of Manufacturing Flexibility
Authors: Divesh Ojha (University of North Texas), Richard E. White (University of North Texas), Pamela Rogers (Cameron University)

Flexibility-based ABC Classification for Service Level Determination in a Supply Chain
Authors: Yavuz Acar (Bogazici University), Sukran Nilvana Kadipasaoglu (Bahcesehir University), Sevket Gunter (Bogazici University)

Session: Human Factors in Service Operations
Customer Training Needs Assessment in Services
Authors: Uzay Damali (University of Minnesota Duluth), Janis L. Miller (Clemson University), Lawerence D. Fredendall (Clemson University)

Communicating Customer Complaints in a Service Setting
Authors: Leticia Anaya (University of North Texas), Nicholas E. Evangelopoulos (University of North Texas)

Why We Ski and Board: Measuring the Core Values for an Experiential Service
Author: Douglas M. Stewart (University of New Mexico)

Session: Innovation Management
The Effects of Potential and Realized Knowledge Sharing in Bioscience Clusters
Authors: Francisco N. Montalvo (Weatherhead School of Management, Case Western Reserve University), Bo Carlsson (Case Western Reserve University), Kalle Lyytinen (Case Western Reserve University), Toni Somers (Wayne State University)

You get what you measure: grounding product modularity metrics on real data analysis
Authors: Anna Cabigiosu (Department of Economics and Management, University of Padova), Arnaldo Camuffo (Bocconi University), Melissa A. Schilling (New York University)

Session: Lean Manufacturing
An Application of Lean Manufacturing in the Aggregates Crushing Industry
Authors: Frank E. Vaughan (Johnson Crushers International), Timothy M. Bergquist (Northwest Christian University)

Toward a Theory of Lean Management
Authors: Kathryn A. Marley (Duquesne University), Peter T. Ward (The Ohio State University)

Application of Lean Manufacturing Principles to New Product Development
Author: Mohammad Z. Meybodi (Indiana University Kokomo)

Exploring lean success factors in the service and manufacturing contexts
Authors: Daniela Todorova (Eastern Michigan University), David D. Dobrzykowski (Eastern Michigan University)

Session: Modeling 1
Toward an Application of the Investment Model: Review and Initial Findings
Authors: Kwabena G. Boakye (University of North Texas), Junhyuk Kwon (University of North
A Hybrid Genetic Algorithm Approach for Disassembly Line Balancing
Authors: CAN B KALAYCI (NORTHEASTERN UNIVERSITY), Surendra M. Gupta (Northeastern University)
Multiple Objective Decision Making Approach to End-of-Life Processing with Sensor-Embedded Products (SEPs)
Authors: Onder Ondemir (Northeastern University), Surendra M. Gupta (Northeastern University)
The Newsvendor Problem with Pricing from First Principles
Authors: Craig M Sorochuk (The University of Wyoming), John Wilson (University of Western Ontario - Ivey School of Business)

Session: Operations Strategy
A Refinement Of The Sand Cone Model: A Contingency Framework
Authors: Erlinda Yunus (Southern Illinois University Carbondale), Suresh K. Tadisina (Southern Illinois University - Carbondale)
Manufacturing Outsourcing: The Dark Side
Authors: Venugopal Gopalakrishna Remani (Kent State University), Kuntal Bhattacharyya (Indiana University), O. Felix Offodile (Kent State University)

Session: Outsourcing and Offshoring
Typology of Extent of Outsourcing in Professional Service Firms
Author: Subhajit Chakraborty (The University of Texas-Pan American)
Directive and Egalitarian Relational Approaches in Offshore Outsourcing of Services
Authors: Ismail Golgeci (The University of Tennessee), Wendy L. Tate (University of Tennessee)

Session: Quality in Service Operations
A Review Of Continuous Improvement Activities In The Public Sector
Authors: Jeremy D. Cleversey (Northwest Christian University), Timothy M. Bergquist (Northwest Christian University)

Session: Scheduling
Scheduling Groups of Jobs in a Permutation Flowshop to Minimize Total Earliness and Tardiness
Authors: Jeffrey E. Schaller (Eastern Connecticut State University), Jorge M. S. Valente (LIAAD-INESC LA, Faculdade de Economia, Universidade do Porto)
Contribution-oriented Workforce Scheduling for Cross-trained Service Employees with Uncertain Attendance
Authors: Fred F. Easton (Syracuse University), William S. Borders (Troy University)
RFID-enabled Track and Traceability in Job-Shop Scheduling Environment
Authors: Jongsawas Chongwatpol (Oklahoma State University), Ramesh Sharda (Oklahoma State University), Naruamol Benmard (TMA Systems, LLC)

Session: Service Performance 1
Call Center Competition and Market Segmentation in Business Process Outsourcing
Authors: Yu Amy Xia (Northeastern University), Bintong Chen (University of Delaware), Vaidy Jayaraman (University of Miami)
A Simulation Study of Banking Operations at a Branch
Authors: Milana Romonenko (University of West Florida), Margaret Fontaine (University of West Florida), Esmail Mohebbi (University of West Florida)
Performance Measurement and Benchmarking for In-Store Bank Branches
Authors: Seong-Jong Joo (Colorado State University-Pueblo), Ida Whited (Colorado State
University-Pueblo)
Investigating Performance of Software Projects Executed for Fortune 500 Companies.
Author: Dinesh R. Pai (Pennsylvania State University at Harrisburg)

Track: Sustainable Operations

Session: Collaboration and Partnerships in the Extended Supply Chain
An integrative model of the determinants of supplier environmental collaboration
Authors: Elena Revilla (Instituto de Empresa), James Cordeiro (SUNY Brockport), Joseph Sarkis (Clark University)

Session: Emerging Issues in Sustainable Operations
Is Safe Production an Oxymoron? Evidence from Ten Case Studies
Authors: Mark Pagell (York University), David A Johnston (Schulich School of Business, York University), Robert Klassen (University of Western Ontario), Markus Biehl (York University)

Session: Ethics and Sustainability
Global Manufacturer Corporate Social Responsibility Practices
Authors: Robert J. Vokurka (Texas A&M University - Corpus Christi), Dr. Dennis Krumwiede (Idaho State University), Ann Hackert (Idaho State University), Joanne Tokle (Idaho State University)
Supply-side Corruption: The Role of The Founder/CEO in Bribery Decisions
Authors: Bo Carlsson (Case Western Reserve University), Nnaoke Ufere (Case Western Reserve University), Richard Boland (Case Western Reserve University), Sheri Perelli (Case Western Reserve University)

Session: Fuels, Chemicals, Energy and Air Issues
Selecting an Alternative Fuel Vehicle Using Data Envelopment Analysis
Authors: Fariborz Y. Partovi (Drexel University), Rebecca J Kim (Deloitte Consulting LLP)

Session: ISO 14001 and Environmental Markets
Green Supply Chains: Key Drivers for Participation
Authors: Ellen Hawkins (University of Southern Maine), Amarpreet S Kohli (University of Southern Maine)
Engineering Problem Solving and Operational Sustainability: An Epistemological Perspective
Authors: Rachel R. Itabashi-Campbell (Wayne State University), Sheri Perelli (Case Western Reserve University), Julia C. Gluesing (Wayne State University)

Session: Literature Reviews and Teaching Frameworks in Sustainable Operations
Comparative Review of Biofuel Supply Chains
Authors: Dana M. Johnson (Michigan Technological University), Fengli Zhang (Michigan Technological University), Emily Harrison (Michigan Technological University), Kasey Hanninen (Michigan Technological University)

Session: Modeling Applications in Sustainable Operations
Does "to go Green" translate into profitability?
Authors: Arda Yenipazarli (University of Florida), Asoo Vakaria (University of Florida)
Application of FDI Absorbing Efficiency to Sustainable Development
Authors: Ming Lei (Peking University), Xinna Zhao (Peking University), Yichao Hu (Peking University)
